

Developers Resources

In this section you will find relevant resources for developers and all people who want to contribute to iMEDgine. You will find the full software documentation, presentations on imedgine, publications, the bug tracker, discussion forums, etc.

As of August, 1, 2006 we have not yet integrated some documentation into this website, but it is available as a pdf here:

[Design Documentation](#)

[Feature Presentation](#)

[Design Presentation](#)

Furthermore the [SourceForge page](#) of our Project can be of help as well.
